

graph_theory::test
::test_BFS

```
graph LR; A["graph_theory::test<br/>::test_BFS"] --> B["graph_theory::add_edge"]
```

A diagram showing a call from a test function to a graph operation. On the left, a gray rectangular box contains the text 'graph_theory::test' on the top line and '::test_BFS' on the bottom line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'graph_theory::add_edge'.

graph_theory::add_edge
