

graph_theory::test
::test_add_edge

```
graph LR; A["graph_theory::test  
::test_add_edge"] --> B["graph_theory::add_edge"]
```

A diagram showing a call to the `graph_theory::add_edge` function. On the left, a gray rectangular box contains the text `graph_theory::test` on the first line and `::test_add_edge` on the second line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `graph_theory::add_edge`.
