

flow::test::test_flow_algo

```
graph LR; A[flow::test::test_flow_algo] --> B[flow::total_flow]
```

A diagram showing a flow from a function to a variable. On the left, a gray rectangular box contains the text 'flow::test::test_flow_algo'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'flow::total_flow'. Both boxes have a black border.

flow::total_flow
