

sparse\_table::test  
::test\_sparse\_table\_impl

```
graph LR; A["sparse_table::test<br/>::test_sparse_table_impl"] --> B["linear_algebra::identity"]
```

A diagram showing a dependency from the `sparse_table::test` module to the `linear_algebra::identity` module. The left box is shaded gray and contains the text `sparse_table::test` and `::test_sparse_table_impl`. A blue arrow points from this box to a white box on the right containing the text `linear_algebra::identity`.

linear\_algebra::identity
